Eureka CNC

A Division of E. S. James LLC

I, _____ address_____
hereby agree and understand that Eureka CNC makes no warranty, expressed or implied, as to the quality, safety, accuracy, airworthiness, suitability, fitness for a particular purpose, or flyability of the Parts supplied by it for any airplane or other device built with Parts supplied by it. The Builder is the aircraft manufacturer and is entirely responsible for ensuring the suitability of these Parts for use on an aircraft. The Buyer or Builder shall accept full legal responsibility for the construction, licensing, flight or operation of any aircraft built with Eureka CNC Parts and does hold totally and completely harmless from any legal liability or damages whatsoever the principals, owners and employees of Eureka CNC and E.S. James LLC, its officers, heirs or assigns, their beneficiaries and any trusts that they may have set up for the distribution of their estates (including the trustees thereof and the personal representatives). I further understand that any aircraft constructed with Eureka CNC Parts shall only be built and operated in strict compliance with the Federal Air Regulations promulgated by the Federal Aviation Agency. All subsequent buyers, heirs, successors, or assigns of the original purchasers are also bound by all terms of this agreement.
